## WORK EXPERIENCE

**Frontend Developer (freelance) |
July 2025 - Present**

Laerccius Consultoria de Tecnologia LTDA |
Remote

**Tech Skills & Achievements:**

- **Crafted responsive UI components** for legal insurance platforms using **HTML5/CSS3/Bootstrap 5,** achieving 100% design fidelity in legacy system migration.
- **Streamlined user flows** via **Figma** prototyping, enhancing **accessibility** and **mobile UX.**
- **Partnered with backend team** on Next.js full-stack feature planning.

**Mental Health Supporter | 2022 - 2024**

AFNE - Associação Filantrópica Nova
Esperança | São Paulo SP

**Transferable Tech Skills & Achievements:**

- **Led digital transformation of clinical operations**: Engineered centralized Google Drive systems for 14 teams, cutting data retrieval by 40% and automating workflows to increase therapeutic time by 25%.

**Occupational Therapist | 2017 - 2022**

AFNE - Associação Filantrópica Nova
Esperança | São Paulo SP

**Tech-Relevant Problem-Solving Highlights:**

- Delivered patient-centered rehabilitation for homeless populations in Latin America's largest open-drug scene (Cracolândia), **creating clinical-social recovery roadmaps** with 90% adherence through collaborative goal-setting techniques.
